**Reclamation Fund Tax Reporting Form:**

INSTRUCTIONS - Tonnage & Taxation Calculation	
<b>A</b>	List each Permit number separately.
<b>B</b>	List the corresponding MSHA identification number.
<b>C</b>	Insert the date of first production, processing, or loading for <b>new permits</b> .
<b>D</b>	Insert the applicable <b>Code</b> from the "Reclamation Tax Rates" table below.
<b>E</b>	Indicate the number of clean tons of coal produced, processed, and loaded during this calendar year through the reporting Quarter.
<b>F</b>	Indicate the number of clean tons produced, processed and loaded during the applicable Quarter.
<b>G</b>	Insert the applicable tax rate from the "Reclamation Tax Rates" table.
<b>H</b>	Insert the tax due (Columns F X G)
Totals	total the columns of E, F, and H.

Each permit participating in the **Coal Surface Mining Reclamation Fund (Fund)** must report the total amount of clean tons of coal produced, processed, and loaded at the permit (**even if the amount is "0" tons**). This Form may be used to list other participating permits which are operating under the same permittee name. (If the permittee names are different, a separate form must be completed for each participating permittee.)

For each new permit accepted into the Fund, payment of the applicable tax must be submitted for a one (1) year period commencing with the first day of coal production, processing, or loading (regardless of the Fund's status).

The permittee will not be required to submit reclamation taxes for coal produced or processed in excess of 5 million clean tons per calendar year. All permits registered to the permittee will be counted toward this cap. **Though the payment of the tax for the excess tonnage is waived, the permittee must still file this completed Form for each quarter.**
